Dear Prospective Patient,

The paperwork that is necessary as a part of the process to properly evaluate your current health condition is outlined below.

We do not accept insurance or Medicare and we do not file insurance paperwork on your behalf.

The services we provide are acupuncture, nutritional, wellness and lifestyle coaching and are not currently covered by Medicare for re-imbusement to patients that are seen by a Chiropractic Physician. Medicare only covers active treatment for spinal problems that are medically necessary, acute conditions related to the spine that affect functional capacity. Due to the highly specialized nature of the work we do most insurance companies would not pay for these services and we quite honestly got tired of arguing with them over it. In our practice we have decided to have patients put their health care decisions back where it belongs... with the patient, guided by the appropriately qualified health care provider.

Please fill out THE NEW PATIENT APPLICATION AND CASE HISTORY FORM, THE DISCLOSURE, INFORMED CONSENT, PERMISSION, AUTHORIZATION FORM, ACKNOWLEDGEMENT OF PRIVACY NOTICE and the BENEFICIARY AGREEMENT NOT TO USE INSURANCE OR MEDICARE FORM as completely as possible and bring them with you to your scheduled appointment. Failure to bring all these completely filled out documents with you will necessitate rescheduling of your appointment.

Additionally, if you have any previous test results, i.e. blood work, or other examination, test results, or findings bring copies of them, NOT ORIGINALS with you to your first appointment.

Depending upon your particular health challenges or concerns there may be additional laboratory, functional medicine tests or diagnostic services recommended at additional cost. This will be discussed thoroughly with you before any additional tests are ordered. I look forward to seeing you on your scheduled appointment date.

Sincerely yours for better health naturally,

John A. Podlaski, DC, DABCI, DACBN, DCBCN, CNS, CGP, FIAMA
